Civil Defense Unit to Man Emergency Radio System For Veterans' Day Parade

For the sixth consecutive year Wellesley Civil Defense has made plans for emergency radio communication for the 1973 Veterans' Day Parade to be held this year at 2 p.m., October 21 (rain date is October 22, at 10:00 a.m.).

The parade radio system will include both fixed and mobile stations. Fixed stations located at strategic places, in addition to the reviewing stand, will provide instant communication to appropriate Town departments in case of emergency. A series of mobile stations operating from automobiles along the parade route will report the parade's movement from Wellesley Hills to its final destination in Wellesley Square.

Fire Chief William E. Donahue Jr., Director of Wellesley Civil Defense has high praise for his group of amateur radio operators. He has said "Their interest and support for our Civil Defense programs will again insure an effective comunication operation this year's parade."

Organized in 1951, the Wellesley C.D. Communications Section has since manned 14 Civil Defense shortwave stations strategically located within the Town, and at the Newton Wellesley Hospital. The stations are operated by experienced amateur radio operators.

RENT-A-PARENT
When Mommas and Poppas want to go away on an overnight or extended trip, sans enfants, they can take advantage of a babysitting service that sends young married couples in to take care of the children and the house. University Home Services of Needham screens couples for moral character, responsibility, and good judgment, then sends them to your home for an interview and approval. Most couples are college age or graduates. They prepare all meals, do the laundry, maintain the house, and manage details such as garbage disposal and snow plowing. It's arranged for the sitters to become acquainted with the children beforehand so they won't be strangers when the parents leave. The agency can also provide house-watchers, chaperones, tutors and home caretakers.
